UNITED BY LEARNING EARNS CAMBRIDGE ENGLISH PREPARATION CENTRE STATUS

Growing education organisation United by Learning has received recognition from Cambridge Assessment English by receiving its official status as a Cambridge English Preparation Centre.

United by Learning joins a community of over 50,000 preparation centres from around the world that help prepare and enter students for Cambridge English Qualifications.

"We are extremely proud of this milestone in our organisation," says James Freeman, CEO of United by Learning. "Our mission has been clear from the start. We are passionate about supporting both educators and learners alike. And with the variety of training and programmes on offer, preparation for the highly-valued Cambridge English Qualification certificates is something we have been working relentlessly on – ensuring that our courses are of quality and give our candidates the confidence to sit for any of the Cambridge exams," explains Freeman.

United by Learning currently offers preparation courses for young learners (Pre-A1 Starters, A1 Movers, A2 Flyers) and for teen (for schools) / adult learners (A2 Key, B1 Preliminary, B2 First, C1 Advanced, C2 Proficiency). Training is delivered with a live tutor online with both private and small group options available.

James concludes: "We are always so honoured to receive incredible comments from our candidates' experiences from our various courses. To be able to achieve Cambridge English Preparation Centre status within our first year of operation is another huge boost to our work."
